Valley City, Ohio 44280

October 19, 2015

Dear Valley City Business and Community Members,

In the past, how did *you* know what was happening in our town? Did you depend on the sign in front of the Fire Station, as most of us did? That sign is long-gone and times have changed. But we still need a source of information, don't we?

Below please find an architect's *initial* rendering of the electronic sign soon to be installed at the gateway of our community, on the NE corner of Columbia and Center Roads. Effort has been made into incorporating this design to fit in with the long-standing Welcome sign that currently stands on that corner and some design elements may change from the picture shown.

The purpose of the new electronic sign is to inform both residents & visitors to Valley City of necessary community information, emergency information and events sponsored by non-profit organizations, etc. The sign will *not* be used for commercial purposes.

We are now appealing to you as a local community member as we work to raise the funds and resources necessary to bring this project to fruition. Some funding has already been committed by organizations and businesses in the community, but not enough to begin construction at this point. We are asking for *your* involvement and assistance at this time. Please give thoughtful consideration to how you can be a part of this exciting project by committing funds, materials and/or labor. **Please consider a donation on the attached form—EACH DONATION IS TAX DEDUCTIBLE. Feel free to contact Linda Garrett, President of the Valley City Chamber of Commerce at (330) 483-0018 and let us know how you plan to help or answer any questions.**

With everyone contributing just a little, we hope to be able to quickly raise the needed resources and break ground this fall! We look forward to hearing from you and thank you for your involvement in helping your Township!

Sincerely,

The Liverpool Twp Fire and Rescue Association and the Valley City Chamber of Commerce

	I'm donating \$10 for each person in my family, because we pass the sign everyday!	
	I'm donating \$100 because I care.	
	I have a small business and will donate \$250.	
	I have a medium business and will donate \$500.	
	I have a larger business and will donate \$1000.	
	I really care about Valley City and am donating \$2000.	
	I have another generous amount in mind.	\$
